FOREVER

Ontents Aloe Matters

Editor's letter

It's official; winter has arrived, bringing with it the long nights, short days and harsh weather. But you needn't hide under your duvet until spring. We've got some fantastic products to keep you feeling on top of the world despite the chill. Staying energetic and healthy can be a bit of a challenge during the cold months, but supplementing your diet with the right vitamins and nutrients can give your body the helping hand it needs to maintain good health.

If you are already hankering after a sunny holiday, and next summer is just too long to wait, turn over the page to our 'Follow the sun' article. If winter sports are more your thing, check out our pick of the best ski destinations on page 10.

We hope you have a healthy and happy winter season. Make sure you get out there and enjoy all it has to offer!

We share the secrets to maintaining a healthylooking, peachy glow, all year round.

30 The power of aloe vera

Aloe vera is the primary ingredient of our entire range of products. Care for your body on the inside too with our best-selling gels.

31 Care for your hair

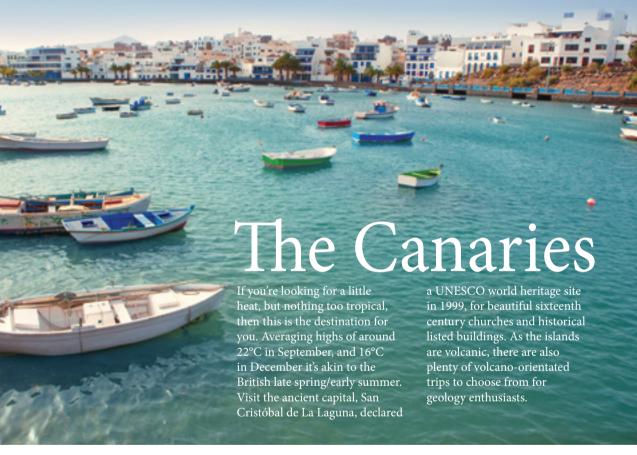

Keep your tresses looking healthy and glossy this winter by treating yourself to nourishing, hydrating haircare products.

32 About us

Why we think our company is pretty amazing.

Follow the sun

Are you already hankering after warmer climes? Is the summer tan starting to fade? Then book yourself a flight to one of these lovely destinations...

Madeira

Although Madeira is part of Portugal, this remote island is actually 1,000 miles from the mainland in the North Atlantic, and is closer to Africa than it is Europe. If you're looking for somewhere to spend New Year's Eve, Funchal, the island's largest city (home to over half Madeira's population) throws a pretty epic bash. Its fireworks display is considered to be one of the biggest and best in the world, set against the beautiful backdrop of the bay. The lava rock pools of Porto Moniz on the north west of Madeira are also worth a look. These natural wonders were created when lava flow met the Atlantic Ocean many years ago.

The seasons in Dubai are pretty much indistinguishable; varying from hot, to very hot and extremely hot. From December to March, the average high temperature is around 27°C much more bearable than the scorching 45°C it can reach in summer, so winter is a great time to visit. Dubai is a popular choice for New Year due to its infamous fireworks display, and with over 5,000 restaurants, the tallest building in the world (Burj Khalifa at 830m tall) and many other attractions for thrillseekers, you certainly won't be bored here.

Put the goodness back in

Winter can really take it out of you – long nights, short days and severe weather can make you feel like hibernating. To stay fighting fit and ready for anything during these cold, harsh months, it's important to maintain a healthy diet, and fight the urge to live on mulled wine and chocolate alone. Dietary supplements are a great way to support a varied, balanced diet, so we've selected a few of our Forever winter faves...

ABSORBENT-C

Taking vitamin C daily has long been associated with good health and contributes to the reduction of tiredness and fatigue. This version is bonded with oat bran, a highly soluble fibre, for gradual absorption, and provides 100% of UK RDA of vitamin C.

FIELDS OF GREENS

With today's busy lifestyles and convenient fast food, we all too often neglect fresh, green foods. This handy supplement provides a simple solution, containing a variety of green foods to help fill this gap.

FOREVER IMMUBLEND

It's important to support the body's defence system during winter. This supplement is high in vitamins C, D and zinc, which contribute to the healthy function of the immune system.

FOREVER GARLIC-THYME

Garlic and thyme are powerful ingredients that promote good health and have been traced back thousands of years for their dietary uses. These odourless tablets contain allicin, a powerful antibacterial agent.

FOREVER ACTIVE HA

HA is found in the synovial fluid of the joints, connective tissues and fluid of the eye and skin. It binds 100 times its weight in water and as we get older we produce less. Forever Active HA provides a unique form of low molecular weight hyaluronic acid with moisturising and lubricating properties, plus ginger oil and turmeric roots.

FOREVER ECHINACEA

FOREVER BEE PROPOLIS

Echinacea is a favourite winter herbal supplement, well known and widely used. This version contains added purpurea and angustfolia, combined with goldenseal and grape extract.

Propolis is the protective substance gathered and

used by bees to disinfect their hives. Forever Bee

Propolis is gathered from pollution-free regions

to assure its purity. It is 100% natural with no

added preservatives or artificial colours.

A-BETA-CARE

A-Beta-CarE supplies the body with vitamins A and E, and selenium, powerful nutrients that help maintain healthy skin, vision and immune system.

Featured Products:

Absorbent-C: £17.44 | £22.89 | code: 48 Fields of Greens: £10.24 | £13.44 | code: 68 Forever Immublend: £16.98 | £21.25 | code: 355 Forever Garlic-Thyme: £16.20 | £21.28 | code: 65 Forever Active HA: £24.68 | €32.41 | code: 264 Forever Bee Propolis: £26.24 | €34.46 | code: 27 Forever Echinacea: £17.33 | €22.77 | code: 214 A-Beta-Care: £24.44 | €32.09 | code: 54

Buelthe Run

Are you a bit of an adrenalin junkie? Does the arrival of winter for you signal the beginning of a fun-filled season of activity? Make sure you feel in tip-top shape for that skiing or snowboarding trip by giving your body the right support – inside and out. These brilliant products are perfect for sports enthusiasts interested in mobility and fighting fatigue.

It's all in the preparation

Prep your body for the slopes in the weeks leading up to your trip by incorporating Forever Freedom (1) into your morning routine – an exclusive combination of aloe vera gel, glucosamine, chondroitin and MSM. It's even available in a handy sachet, Forever Freedom2Go (2), which is under 100ml – perfect to pop in your hand luggage.

a quick energy burst, a high-caffeine drink can do just the trick. Pack a couple of cans of Forever Active Boost (3) for an instant burst of energy. It contains caffeine plus vitamins B6 and B12 which help reduce tiredness and fatigue. If you're watching your calorie intake so that you can enjoy an evening hot

chocolate, try the sugar-free version, *FabX* (4), instead. ▶

► No sports enthusiast should be without ARGI+(5). This specially-formulated complex provides five grams of L-Arginine per serving, as well as synergistic vitamins. It is a delicious and nutritious drink that rapidly tops up energy stores and is ideal for

fatigue.

Protect your skin

It may be cold, but spending long hours outside combined with the reflection of the sun on the snow and ice means that it's still important to pack your sunscreen. Try Forever's Aloe Sunscreen (6) or Aloe Sunscreen *Spray* (7) which both provide high quality SPF30 protection,

joints with Forever's soothing and warming Aloe Heat Lotion (9). It provides blissful relief from everyday stresses and strains and is really comforting on a chilly day. To soothe joints, muscles and connective tissues try Aloe MSM Gel (10), a topical product that contains aloe vera gel and methyl mulphonyl methylsulfonylmethane.

Featured Products:

Ski destinations

Our pick of the best places to explore the slopes this winter...

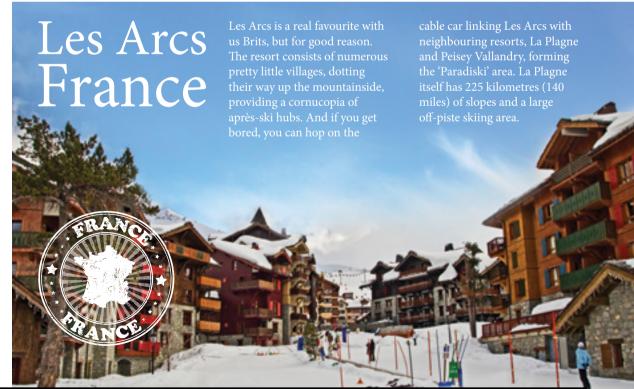

Kitzbühel Austria

Kitzbühel has a reputation as an über-trendy resort, popular with the glitterati. This is evident as you walk down the main shopping street, dominated by high-end designer labels and double-parked with supercars. But despite this, it hasn't lost its appeal as a picturesque 16th century town, with pretty churches and cobbled streets. Home to The Streif, arguably the most spectacular downhill ski race in the world, it is a sort of 'ski mecca', attracting some of the sport's most famous names.

Whistler, Canada

Whistler Blackcomb is a colossal resort – the biggest in North America. Located just 90 minutes from Vancouver, it's perfectly located for a city break/ski holiday combined. Its two mountains host around 250km of pistes, and are better suited to intermediate skiers and above. The only downsides are that the weather can be unpredictable, and due to its size and location, it does tend to get busy. Its superb slopes are worth the risk though.

Flims Laax Switzerland

Flims Laax boasts the largest continuous skiing area in the Grison Alps, and with 70% of its pistes between 2,000 and 3,000 metres above sea level, you are more-or-less guaranteed good skiing conditions. It is situated on a plateau above the Rhine Gorge, offering spectacular panoramic views. It isn't known for its nightlife, so is a great option if your main objective is to get in as many hours on the slopes as you can.

A soothing aloe lip balm that helps to protect lips from the sun and wind.

Moisturising Jojoba seed oil and soothing aloe vera

Winter skin saviours

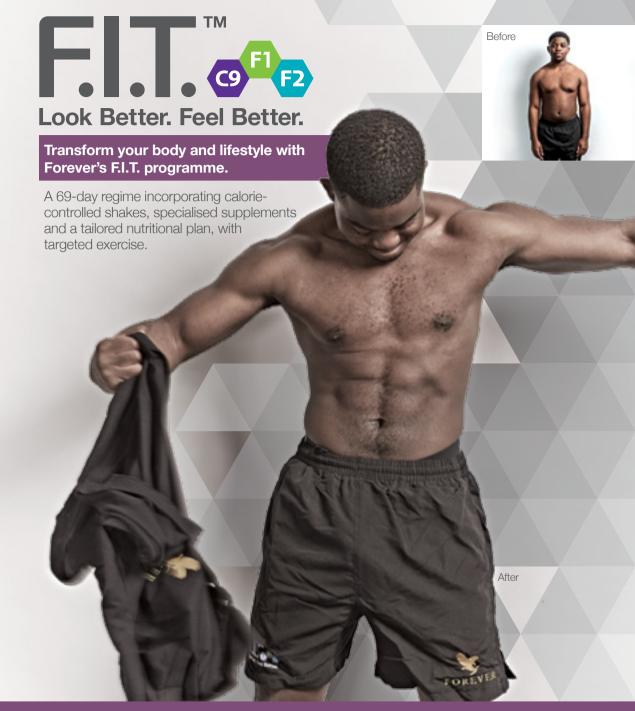

The harsh winter weather can be tough on delicate, sensitive skin. Keep yours soft, supple and nourished with these heavy-duty, comforting moisturisers. All of our moisturising products contain pure stabilised aloe vera gel and are suitable for sensitive skin.

Featured Products:

Aloe Deep Moisturizing Cream: £26.89 | €30.49 | code: 311 Firming Day Lotion: £18.00 | €21.03 | code: 340

Recovering Night Creme: £25.25 | £29.50 | code: 342 Aloe Moisturizing Lotion: £12.24 | £16.08 | code: 63 Aloe Propolis Creme: £14.96 | £19.68 | code: 51

JUST ADD WILL POWER

Combining premium quality products with easy-to-follow information and guidance, the F.I.T. programme provides you with everything you require to reach your weight loss goals. All you need is the will to succeed.

Develop lifelong habits that will help you to manage your weight in a truly sustainable way.

STEP 1 (C9) CLEANSE

Look better and feel great in just nine days with this expertly-devised cleansing programme.

Designed to kick-start weight loss and cleanse your body, this provides the perfect foundation for transforming your eating and fitness habits. Based around Forever's bestselling *Aloe Vera Gel* drink, this nutritionally-balanced programme will allow you to see real results in just nine days.

Look Better. Feel Better.

We put our products to the ultimate test by asking 14 people to trial Forever's F.I.T. programme.

The F.I.T. Challenge involved completing the entire 69-day programme from start to finish, incorporating a weekly group training session where people could share their progress and work on their exercise routines.

Participants were looking for a way to improve their lifestyles by gaining better knowledge on nutrition

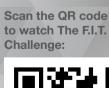

and exercise.

A Facebook group was created where participants could share

their progress, exchange recipe ideas – or even just let off some steam. All 14 people completed the *Clean 9, F.I.T.1, F.I.T.2* programmes, equating to 69 days.

It took a lot of hard work and determination, but the results were amazing! Don't take our word for

it though, read on to see for yourself.

CHALLENGER 1 CLAIRE

Claire's goal was to lose weight and improve overall health, fitness and wellbeing.

As a successful career woman, Claire and her family have been able to enjoy a lavish lifestyle – which had begun to take its toll on her health and fitness. She has been involved in charity sports events in the past and was keen to get back into shape, especially as she has two young children to keep up with. Claire wanted to not only transform her own health and fitness, but to also create a healthier lifestyle for her family.

BEFORE

AFTER

Ron's goal was to trim back excess fat, firming and toning the body. Working in a busy office, he had developed bad eating habits, grabbing unhealthy foods for convenience. Sat at a desk all day, he decided it was time to become more active and convert his bad eating and exercise habits into good ones. His busy job required a programme that would be simple to follow without disrupting his already tight schedule.

BEFORE

AFTER

Scan the QR code to watch Ron's journey:

CHALLENGER 3

NATALIE

Natalie's goal when taking on The F.I.T. Challenge was to shift excess weight and improve overall fitness. She had been a typical yoyo dieter and sporadic exerciser, never managing to find a programme that she could stick to long enough to achieve the results she wanted. Tired of making excuses, she needed something that would educate her about supplementation, what to eat and how to exercise in order to reach her goals.

BEFORE

AFTER

Scan the QR code to watch Natalie's journey:

The F.I.T. Challenge: before and after

Check out the transformation our participants went through after completing the *C9, F.I.T.1* and *F.I.T.2* programmes below. They have each been able to change their lifestyles for the long-term, swapping bad eating habits for good ones and integrating supplements and exercise into their daily routines.

Refresh your skin

The secret to maintaining a healthy looking glow – whatever the weather – is to stick to a regimented skincare routine, every day.

CLEANSE

The first cardinal rule of skincare is to cleanse, cleanse, cleanse. Start by removing impurities from deep down using the *Aloe Purifying Cleanser* from the *Sonya Skincare* range, designed to gently lift makeup and dirt without drying. This range was carefully formulated with active ingredients, specifically designed for mature skin. For younger, more oily-prone skin, try the *Aloe Cleanser* from the *Aloe Fleur de Jouvence* range. A non-greasy lotion, with vitamin C and jojoba oil, it leaves your skin feeling clean and refreshed.

TONE

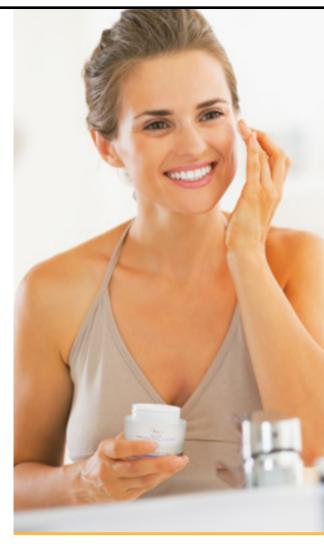

We are all prone to skipping this step, but it helps to remove any impurities, such as residual makeup, dirt or dead skin, which can be left behind after cleansing. It also helps minimise pores and promotes a dewy, clear complexion. Try the *Aloe Refreshing Toner* from the Sonya collection, with added white tea and cooling cucumber, or the *Rehydrating Toner* from *Aloe Fleur de Jouvence*. And it's not just for women – men tend to have oilier skin than the ladies and are more prone to

clogged pores. Using a toner is a great way of combatting this.

"IT HELPS TO REMOVE ANY IMPURITIES, SUCH AS RESIDUAL MAKEUP, DIRT OR DEAD SKIN, WHICH CAN BE LEFT BEHIND AFTER CLEANSING."

Finding the right moisturiser for your skin type can be a bit of a marathon task, especially as our skin can change its behaviour due to various factors, including hormones, the environment, the weather or the activities we carry out. If

you're looking for a moisturiser that will protect you through the winter chill, take a look at our heavy-duty moisturisers feature on page 14. If you're looking for a lighter option, or something that will balance your skin's texture, try the Sonya *Aloe Balancing Cream*. If you prefer

to use a lighter cream in the day, and a more hydrating one at night, try the *Firming Day Lotion* and *Recovering Night*

Creme from the *Aloe Fleur de Jouvence* collection.

Featured Products:

Sonya Skincare Collection: £125.64 | £168.57 | code: 282 Aloe Fleur de Jouvence Collection: £89.03 | £104.03 | code: 337 Aloe Purifying Cleanser: £26.84 | £36.01 | code: 277

Aloe Fleur de Jouvence Collection

When your skin is in need of that extra bit of attention after a long day, or a big night out, treat it to a nourishing face mask. Aloe Fleur de Jouvence features an innovative Mask Powder and activation fluid combination, which when mixed together create a rejuvenating face mask. Alternatively, try the Forever Marine Mask, which contains natural sea minerals, honey and cucumber extract, in a handy, ready-to-use formula.

The power of aloe vera

What makes Forever's range of products so unique is our very special primary ingredient: pure, 100% aloe vera gel. This natural substance is carefully extracted from aloe plants grown on our privately-owned plantations.

Our products begin with the gel from the inner leaf of the plant and we carefully add just enough other ingredients to produce premium quality skincare and nutritional products.

Aloe vera allows you to care for your body both on the inside and the outside. Forever's variety of gels combines the natural power of aloe vera with other ingredients to suit your needs. Which gel will you choose?

Forever Aloe Vera Gel

The benefits of aloe can be traced back through history, but Forever grows, harvests and manufactures the plant through a patented process which has been perfected to produce naturally succulent and high quality aloe. Our famous plain *Aloe Vera Gel* has been our top selling product for decades and it's an ideal digestive aid.

Forever Freedom

Wake up and get your day moving with this refreshing orange-flavoured aloe gel. *Forever Freedom* contains all the benefits of our plain gel but with added glucosamine, chondroitin and MSM – popular with those who lead an active lifestyle. *N.B. Contains shellfish (shrimp, crab and lobster).*

Forever Aloe Berry Nectar

Enjoy a burst of cranberry and sweet apple in your daily gel with *Forever Aloe Berry Nectar*. Like all our aloe gels, this refreshing and fruity alternative helps to support immune function, skin and gastro-intestinal health.

Forever Aloe Bits N' Peaches

A fresh and peachy version of Forever's famous gel, suitable for all the family! *Forever Aloe Bits N' Peaches* combines our fresh aloe with delicious sun-ripened peaches. Drink to promote a healthy lifestyle and overall wellbeing.

Featured Products:

Care for your hair

Central heating, over-styling and extreme weather can all take their toll on the condition of your hair. Keep yours in tip-top condition this winter with these super-nourishing shampoos, conditioners and styling solutions.

Tip:

For enviable shine,

add a few drops of the

Hydrate Shampoo & Hydrate Conditioner

If you've been less than kind to your hair this party season, and it's looking a little frazzled, then this hydrating duo is for you. The shampoo thoroughly cleanses your hair without drying, and the thick creamy, luxurious conditioner is heaven in a bottle.

Volume Shampoo & Volume Conditioner

Add volume and shine to lacklustre. winter hair with this innovative combination of aloe vera and royal jelly. Its rich formula conditions the hair and scalp, without leaving behind any product residue, which can flatten fine, limp hair.

Aloe-Jojoba Shampoo & Aloe-Jojoba **Conditioning Rinse**

A great everyday shampoo/conditioner combo for gently cleansing and conditioning your scalp and hair. It has added jojoba seed oil, which is well renowned for its use as a hair treatment and its pH-balanced formula is suitable for all hair types.

Forever Aloe Styling Gel

This wonder-product can be used on wet hair to blow dry into style, or on dry hair to define and shape as you like. Its primary *Aloe Nourishing Serum* from the ingredient is 100% pure Sonya Skincare range (see pages 26 & 27) to your palms and distribute evenly stabilised aloe vera gel, allowing you to nourish throughout the hair before blow drying. This multi-tasking elixir also acts as a great and protect your hair post-straightening balm to smooth flyaway and scalp whilst you hairs and to moisturise dry split ends. style.

DO GOOD.FEEL GOOD.

We at Forever believe in making people feel better. Whether that's by adding a little goodness to your diet with our range of supplements, or making your skin feel beautifully soft with our lovely lotions and potions. We also offer ordinary people the chance to build their own business with us from home, giving them the opportunity to generate an additional income and improve their lifestyles. But we other reasons why we think our company is special...

Corporate responsibility

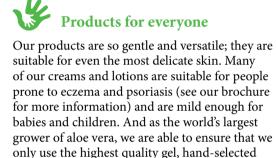

We are conscious of the impact large organisations like ours can have on the world around us. We actually own the plantations where our aloe vera is grown and this allows us to provide employment for local people, ensuring that excellent working conditions are always maintained. We're not big fans of chemical pesticides and herbicides, so we use goats and sheep to help us tackle the weeds, and provide natural fertiliser. Forever continually assesses its processes in order to ensure we are doing the best we can to be environmentally responsible. Also, with over 50 million aloe vera plants, our plantations work to cleanse the earth of two million tons of CO2 every year. We think that's pretty amazing.

improve their litestyles, But we don't stop there. Here are a few other reasons why we think our company is special...

ITS PROCESSES IN ORDER TO ENSURE WE ARE DOING THE BEST WE CAN TO BE ENVIRONMENTALLY RESPONSIBLE."

Helping others is at the heart of what we do here at Forever. So, five years ago, we decided it was time we made our efforts official and launched Forever Giving – the charitable arm of our company. Forever Giving is a registered nonprofit organisation founded to provide a way for customers and Distributors of our products to donate funds towards global causes. It partners with charitable organisations globally to fight against poverty, hunger and the lack of medical services available for children. We have helped people in natural disasters such as Hurricane Sandy and Typhoon Haiyan and donated funds to ongoing causes, such as children's cancer and AIDs in Africa.

from the crop. We truly believe in the power

of our products - so much so, that if you are

unsatisfied with anything you buy from us, we

For more information about our company and how we grow and harvest aloe vera, visit: www.discoverforever.com/journey/our-aloe/. To donate to Forever Giving visit www.forever-giving.org.

LOVE OUR PRODUCTS?

THEN YOU'LL LOVE OUR BUSINESS OPPORTUNITY EVEN MORE.

If you've fallen in love with our naturallyinspired, aloe vera-infused products, and simply can't wait to tell your friends about them, then you could be interested in our fantastic business opportunity. Launch your own business today by sharing the secret of Forever, and teaching others to do the same. Forever provides ordinary people with the opportunity to start their own independent business, without investing thousands of pounds, or getting into debt. The company promotes its products using a well-established business model, known as network marketing, or direct selling. This involves independent Forever Distributors sharing our product range with as many people as they can, and earning money from anything they sell. They can then build a team of Distributors who in turn share the products with their friends, family, and anybody they meet.

Each of our Distributors earns a percentage from the products they retail, and also on whatever their team members sell. As their business grows, they may also become eligible to enjoy some of the amazing incentives Forever has on offer, including regular cash bonuses. Promoting our products in this way means that the company does not spend millions of pounds on expensive advertising campaigns, but instead spreads the word through its Distributors. This allows Forever to generously reward its Distributors for their contribution to the growth of the company.

You may never have seen yourself as a business person, but Forever's simple, flexible model allows anyone who is willing to work hard a chance to build their own successful business. You can work as much or as little as you like, depending on the income you are hoping to generate. There are no set hours, meaning that you can run your Forever business alongside your current job if you wish, in the evenings and during weekends – or whenever suits you. Many people who launch a business with Forever are able to give up their nine-to-five job after just a year or so, and run their business full time.

How to get started

If you are interested in becoming a Forever Distributor, begin by contacting the person who gave you this magazine. They can help you to make a living on your own terms by telling others about products that you love. It's as simple as that!

"FOREVER'S SIMPLE, FLEXIBLE MODEL ALLOWS ANYONE WHO IS WILLING TO WORK HARD A CHANCE TO BUILD THEIR OWN SUCCESSFUL BUSINESS."

There is no membership fee or expensive investment involved, we simply require that you place an order to kick-start your registration. We recommend that you purchase one of our New Distributor Packs, at £199.75*. This contains a selection of some of our most popular products, for you to use yourself and share with others. This is a special discounted price, and is only available to purchase as a one-off when you sign up and launch your business.

Forever is a member of the Direct Selling Association and Head Office has Investors in People accreditation.
